§ 305 & 407

Professional evaluation

The chancery court must conduct a hearing to determine whether a guardian/conservator is needed for the respondent. Before the hearing, the court, in its discretion, may appoint a guardian ad litem to look after the interest of the person in question; the guardian ad litem must be present at the hearing and present the interests of the respondent.

The chancery judge shall be the judge of the number and character of the witnesses and proof to be presented, except that the proof must include certificates made after a personal examination of the respondent by the following professionals, each of whom shall make in writing a certificate of the results of that examination to be filed with the clerk of the court and become a part of the record of the case, two (2) licensed physicians; or one (1) licensed physician and either one (1) licensed psychologist, nurse practitioner, or physician's assistant.

The personal examination may occur face-to-face or via telemedicine, but any telemedicine examination must be made using an audio-visual connection by a physician licensed in this state and as defined in Section 83-9-351. A nurse practitioner or physician assistant conducting an examination shall not also be in a collaborative or supervisory relationship, as the law may otherwise require, with the physician conducting the examination. A professional conducting an examination under this section may also be called to testify at the hearing.

§ 301

Basis for appointment of guardian

The court may appoint a guardian for an adult when the respondent lacks the ability to meet essential requirements for physical health, safety or self-care because the adult is unable to receive and evaluate information or make or communicate decisions, even with appropriate supportive services or technological assistance; or the adult is found to be a person with mental illness or a person with an intellectual disability as defined in Section 41-21-61 who is also incapable of taking care of his or her person.

§ 401

Basis for appointment of conservator

The court may appoint a conservator for the property or financial affairs of an adult if the court finds by clear and convincing evidence that the adult is unable to manage property or financial affairs because of a limitation in the adult's ability to receive and evaluate information or make or communicate decisions, even with the use of appropriate supportive services or technological assistance; the adult is missing, detained, incarcerated, or unable to return to the United States.
